

**Clutter Getting
Ahead Of You?
At Last, There's
A Better Way To**

Store Your Stuff

**Curbside Convenience
Warehouse Security**

**Ever Wish You Had
A Warehouse
In Your Back Yard?**

Has anyone ever had enough storage space? Even if you have enough room to accommodate the everyday clutter, what about the special situations? Things you don't need right now, but may need later. Things you don't want to use, but can't bear to lose. There are as many short-term and long-term storage crises as there are people with goods to store.

For easy, convenient, economical storage for home or office use, call for delivery of a revolutionary HomePak™ storage container. It's the next best thing to having a private warehouse right outside your door.

The Easiest Way Ever To Pack and Store.

Forget about renting a truck or making multiple trips to a storage warehouse. We'll bring a roomy, weatherproof HomePak storage container to you.

You can pack at your convenience — our tips will help. Then, when you're finished, we'll pick up your HomePak container and take it to our secure storage facility. When you need access to your container, just call to make arrangements. Then, you can come to us, or we'll bring your container to you at a local address.

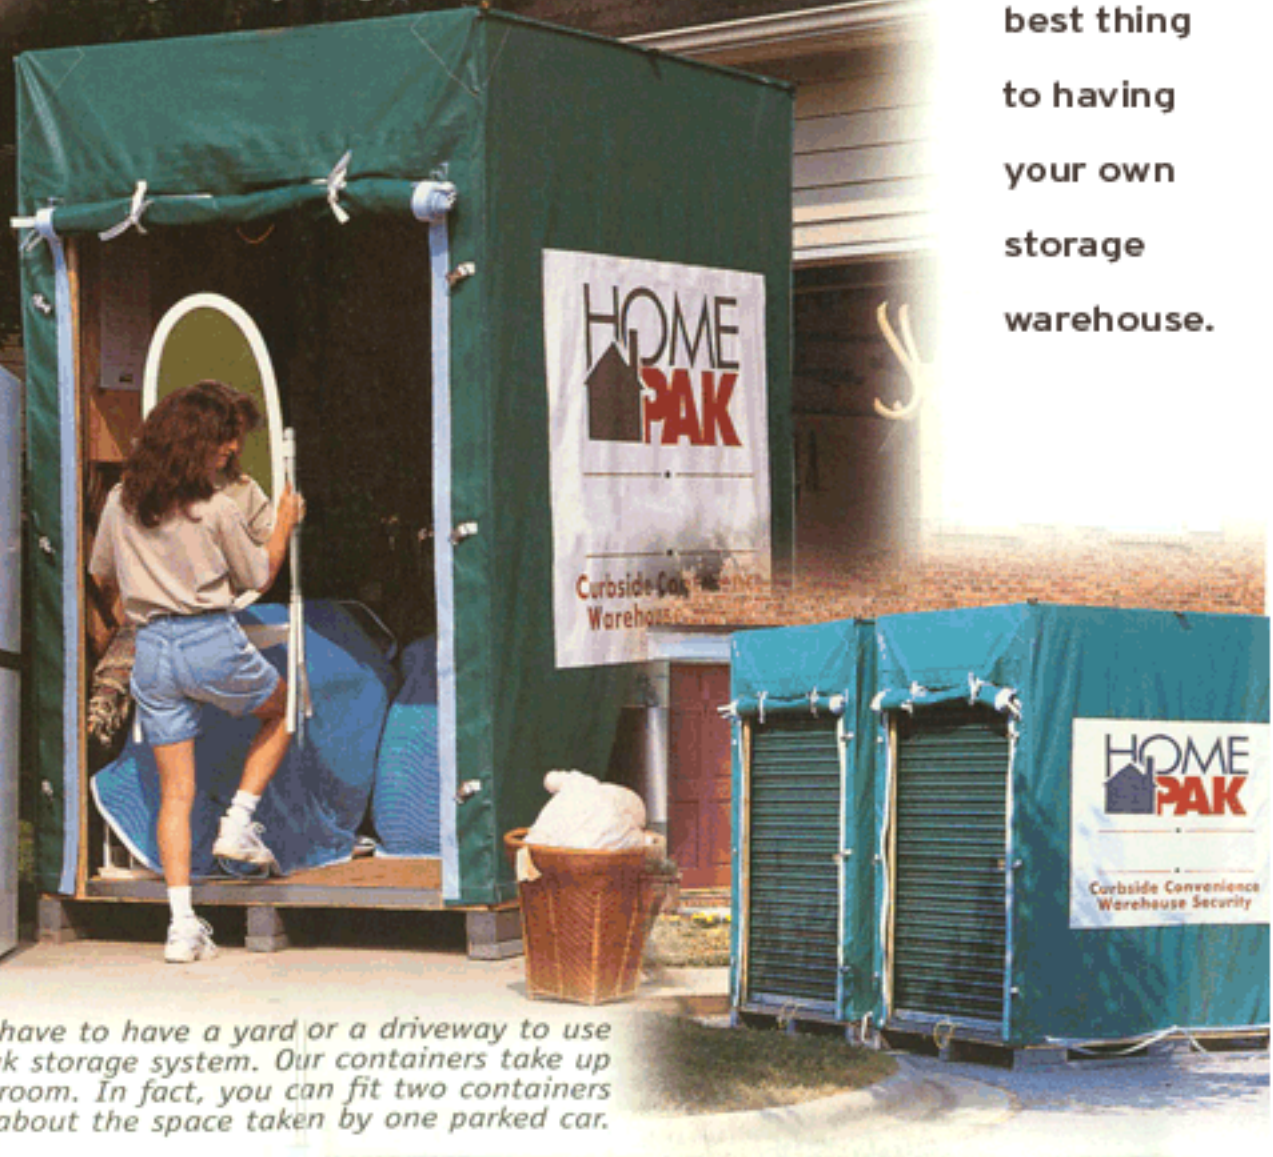

HomePak containers are constructed so no ramp or steps are needed. The roll-up door lifts easily and operates smoothly, even if the ground is not level.

HomePak™ brings secure storage to your door.

- One container holds an entire room's furnishings.
- Easy-access roll-up door is 4 feet wide and 6.5 feet tall.
- A single container stores up to 2,000 pounds.
- Solid construction keeps contents safe and dry.

You don't have to have a yard or a driveway to use the HomePak storage system. Our containers take up very little room. In fact, you can fit two containers in about the space taken by one parked car.

HomePak is the next best thing to having your own storage warehouse.
